Our Congressmen Reports.

Congressman elect Barlow left for Washington last evening and a large crowd of his constituents were at the depot to say good bye, and wish him good luck at the National Capital. He goes with the good wishes of the whole State behind him.

Several letters have been received here from San Francisco inquiring if A. C. Cleveland has the small pox and numbers of people are afraid to go to Shaw's Hot Springs for fear of getting the small pox from Cleve. The writer called on Mr. Cleveland yesterday and found him in the bar room reading the APPEAL and as lively as a cricket.

—There seems to be a general kick against closing up the saloons and gambling houses at midnight and yesterday the vote was reconsidered. The argument against the bill was that if the saloons closed up at midnight, a lot of impetuous old sports would be compelled to be in the streets at night and freeze to death.

Robbery and Murder.

On the night of the 22nd, four masked men boarded the Southern Pacific train near Pixley Station in Tulare county, and compelling the engineer to stop the train exploded dynamite under the car and robbed it. They killed Chas. Gobert and shot and mortally wounded E. S. Bentley, passengers. \$1,000 reward is offered by the R. R. Co. for each of the robbers and \$1,000 by the Wells, Fargo Co.

Senseless Runaway.

Yesterday a team belonging to a Genoa man, ran away and collided with a tree at the southeast corner of the capitol square. When at full speed, the team tried to pass the tree by one horse going on one side and one horse on the other. The result was, that one of the animals was so badly smashed up that he lay down and died. He was valued at \$100.

Lost for Seven Days and Nights.

White Pine News, 16: John Scott and Levi Martin were out cutting poles for Alex. Muir, at Black Rock, some ten miles from Freeland's at Green Springs, three weeks ago. During a storm Scott and Martin got separated, the latter making his way to the ranch. For seven days and nights Scott circled around without fire or food, not even having a match, at night catching onto limbs and beating his feet against the trees to keep them from freezing. All this time Martin and others kept up a search for Scott, but it was not until the evening of the seventh day that they found him, almost famished and his feet badly frozen. A wagon was got and he was taken to Freeland's and kindly cared for.

Since, he has been brought to Hamilton, and is now under treatment of Dr. Herrick. One of his big toes had to be amputated, and it is believed he will be all right again soon. It seems almost a miracle how an old man like Scott could survive such long exposure and fasting at this inclement season.
